STAT

4 - GROUP DIV.  
A. W. RANDALL

Group Policy GMG-1799  
G.E.H.A.

If it is desired to increase the current maternity benefit from \$20 per day to \$30 per day for 10 days, an additional monthly brochure rate of 43¢ would be necessitated. If it is desired to cover the maternity benefits in full at the \$30 per day level, an additional monthly brochure rate of \$1.70 would be necessitated.

If the policyholder would wish to increase the board and room benefits for nonmaternity admissions to \$35 per day, a monthly brochure rate of 58¢ for a member and \$1.51 for a member and family would be requested. If it is desired to increase this benefit to \$40 per day, the additional rate would be \$1.66 for an employee and \$2.76 for an employee and family.

The Group Actuarial Department and the Group Claim Research Department have been requested to assist in the evaluation of the other benefit revisions which have been suggested. The results of this evaluation should be available within the next two weeks.
